Director's Note

I was first introduced to *Cyrano De Bergerac*, the play this piece is based on, while studying abroad at the British American Theatre Academy (BADA) in London. A group of fellow students bought tickets to see a revival of *Cyrano De Bergerac* at the Playhouse Theatre in London. I've seen a lot of plays, but very few have I enjoyed in the way I did this production. This play is so many things, but for me it is a play about longing. Longing to be someone, to be with someone, or to just be in a happier time or place. I hope you enjoy the show.

LAND ACKNOWLEDGEMENT

The Theater Department at Skidmore College acknowledges that we work, learn, create, and reside on the lands of the Haudenosaunee, Muheconneok, Kanienkehaka, and Abenaki peoples. We thank the elders of these tribes for their past, present, and continued stewardship of these lands. We recognize that land acknowledgement is only a first, small step towards building ethical, reciprocal, and reparative relationships with the indigenous, Native, and First Nations peoples of this hemisphere and we strive to move beyond our words to reflect our intentions through our actions.
